- Highest level of integrity
- Transparent & vibrant organisation
- Can-do attitude with responsible and accountable team
- Socially and environmentally responsible
- Quality at the core of our business delivery Sustainable financial growth

Our Products

Gentle Washing Liquid

Germ Fighting & Moisturizing formula for use in Offices, Homes, Hotels, malls, public restrooms and schools.

Recommended Usage:

- Take a few drops of gentle washing liquid into your wet hands, rub gently for 30seconds, rinse under running water and pat dry.

Code: **HWL201**

Multi Purpose Cleaner

Our unique all-in-one formula helps you clean all surfaces on a daily basis. The formula is safe to use on all surfaces providing one single solution for all your daily cleaning needs such as cleaning of floors, tables, workstations, glasses and other hard surfaces.

Recommended Usage:

- Normal: 10 ml | Medium: 20 ml | Heavy: 30 ml in 1 litre of water.
- For strong stains, apply directly with light scrubbing.

Code: **MPC201**

Glass Cleaner

Our unique formula with zero ammonia is environment friendly and protects the surfaces from any damage. Excellent for use on all windows, doors, glasses, mirrors & ammonia sensitive surfaces such as silver backed mirrors, acrylic and other plastic surfaces.

Recommended Usage:

- Dilute 20-50ml in 1 litre of water and spray/apply on the surface.
- Use an applicator to spread the solution evenly and wipe/dry the surface using a squeegee blade.

Code: **GCC201**

Neutral Floor Cleaner

A unique and specially formulated floor cleaner that is safe to use on all flooring like vinyl, epoxy, ceramics, marble, terrazzo, Formica & wooden floors. The solution is pH neutral which makes it safe for the user and the surface still being very effective cleaner. It also protects from fading and gives a shining appearance to the floor.

Recommended Usage:

- Normal: 10 ml | Medium: 20 ml | Heavy: 30 ml in 1 litre of water.
- Ideal for use with scrubbing machines and wet mopping.

Code: **NFC201**

Soap Oil Liquid

Soap oil liquid is detergent based formulation for cleaning of hard surfaces. It is an optimal blend of surfactants which makes it effective for removal of stains and grease. The sequester in the formulation makes it suitable for all water conditions & supports cleaning.

Recommended Usage:

- Use 100 ml liquid per litre of warm water.
- Ideal for use with scrubbing machines and wet mopping.

Code: **SOL201**

Bathroom Cleaner Concentrate

Removes the toughest soap scum, dirt and even hard water deposits with light scrubbing. Use on non-porous surfaces such as bathroom chrome, fixtures, tile, sinks, shower doors and tubs, including porcelain and fiberglass. It's non-abrasive, won't scratch and leaves surfaces shiny and clean.

Recommended Usage:

- For regular cleaning & disinfection, dilute 20ml of concentrate in 1 litre of water.
- For heavy oil or soap deposits, apply concentrate directly on to the surface, allow it to stand 5-10mins, scrub and rinse the surface.
- Rinsing is necessary after removing dirt deposits.

Code: **BCC201**

Dish Washing Liquid

Our unique formula with grease-cutting power ensures faster & efficient removal of toughest of the grease, fats, and oils from dishes, pots, and other kitchen utensils leaving the surfaces fresh, odour free, shiny and clean.

Recommended Usage:

- Use 20ml liquid per litre of warm water.
- Place item in solution and let it stand until soil loosens.
- Wash using a self-bristled nylon brush or scrub pad.
- Remove items and let the excess detergent solution drain.
- After rinsing, drain and air-dry.
- For heavily stained utensils, use 50ml in 1 litre of water.

Code: **DWL201**

Toilet Bowl Cleaner

Toilet Bowl Cleaner: Specially formulated unique product for all kinds of stains in WC's, Urinals & Drain traps. Our unique blended formula gives you a sparkling shine, removing all deposits such as soiling, minerals, dirt, germs, scaling and rust stains.

Recommended Usage:

- Ready To Use (RTU), no dilution.
- For daily cleaning spread the liquid throughout the bowl.
- Allow to stand for 5-10 minutes, brush and then rinse thoroughly with water.
- For heavy deposits repeated application will completely clear all marks and stains.

Code: **TBC201**

Milky Phenyl Liquid

Topgen Milky Phenyl Liquid is a highly concentrated, economical and an effective all-purpose cleaner & deodorizer with pure pine oil ingredients which acts as a natural disinfectant. It kills 99.99% germs, cleans the surface and leaves behind a long-lasting fragrance.

Recommended Usage:

- Just add water to make milky phenyl thick emulsion in the ratio of 1:20.
- Fresh solution should be prepared when the used solution becomes visibly dirty.
- This unique blended formulation Cleans, Disinfects, Freshens, Deodorizes and is Safe to use on all types of surfaces.

Code: **MPL101**
